development of this kind.

Only twenty units are found in this unique cluster housing development. Each one has a built-up area of more than 6,000 square feet of unparalleled luxury. These semi-detached terraced houses proudly display the stunning, ultra-modern architecture by RT+Q Architects. The precise lines and crisp edges complete an overall structure that compliments the affluence that Sentosa is known for. The posh interiors are the creation of the renowned Kelly Hoppen, while the ambient Zen landscaping is the work of a respected master, Shunmyo Masuno.

Each and every home stands two storeys tall, topped with an attic floor and supplemented with a basement. These floors are serviced by a private lift that makes your going to and fro much easier. There are five luxurious bedrooms with en-suite bathrooms, plus a maid's room with its own toilet. All rooms happen to be very spacious and full of light. Glass paneling extends from the floor to the ceiling, taking a view of the golf course into the home. The deluxe kitchen is equipped with a refrigerator by Sub Zero and other appliances by Kuppersbusch & Wolf. There is also a basement garage and a home shelter. Certain units even have a private pool overlooking the lush gardens.

For the use of all its residents, the development also offers communal lifestyle facilities such as a swimming pool, a gym, a function room, a concierge, and security.

In this part of the country known for its upscale residences and exciting leisure offerings, you'll certainly have your share of unforgettable experiences. Just around the corner are Sentosa Golf Club's two international championship courses, namely Tanjong Golf Course and Serapong Golf Course. The rest of Sentosa Island is also populated by various world-class leisure destinations, from beach resorts to designer spas, from restos and clubs to theme parks and other tourist attractions.

Even with its exclusive location, The Green Collection's accessibility allows you to explore and enjoy your life very easily. Just near by is the Resorts World Sentosa Bus Station, as well as three Light Rail Stations. You can take either to get to the mainland, where your first stop will be at Harbourfront, where Harbourfront Centre, VivoCity, and St. James Power Station are. The Harbourfront MRT Station lets you access the Circle and the North-East Lines; one stop away is the Outram Park Station which is a hub for the East-West and North-East Lines and soon, the Thomson Line. If you prefer to drive, you can take Allanbrook Road / Artillery Avenue toward Sentosa Gateway, then get on the West Coast Highway which leads to the AYE, the CTE, the MCE, the KPE, and the ECP.
