Move Up In the World at Sculptura Ardmore

Just last year, SC Global Developments, an esteemed developer of luxury properties, has completed their most ambitious, most elite project as of yet. Fittingly named Sculptura Ardmore, it's masterfully planned to be a magnificent work of art: thirty-six storeys of contemporary elegance in a sculpturesque tower. This is a freehold residential condominium that was completed in the previous year. With only one home per floor, it has a desirably low population of thirty-five units.

The Developer

SC Global has distinguished itself by producing only high-end luxury developments in prime locations. Their award-winning designs have earned global renown, and their innovative living spaces abound with possibilities for a luxurious contemporary lifestyle. With such a reputation to maintain, SC Global will certainly deliver nothing but the best for you and your family.

The Location

Sculptura Ardmore is perched at the highest point of Ardmore Park, at lot number 8 where it meets Claymore Drive. The one-acre site is a very desirable, highly coveted address, being situated in an prestigious neighborhood. It's just a stroll from the famed shopping paradise of Orchard Road. The central location puts it very close to a wealth of shopping malls, restaurants, educational institutions, hospitals, and everyday essentials. It's also just a few kilometers from the renowned Singapore Botanic Gardens.

The nearest transport hub is the Orchard Road MRT Station, which is two stops from the Dhoby Ghaut Interchange, which is on the Circle, North-East, and North-South Lines. Whenever you prefer to drive, you can take Orchard Road, Scotts Road, Stevens Road, or Grange Road; you can even take Bukit Timah Road, the Central Expressway, or the Pan Island Expressway.

The Building

The design is the creative concept of DP Architects, hand-in-hand with New York's Carlos Zapata Design Studio. The construction, meanwhile, is the work of Drarages Singapore, a subsidiary of the Bouygues Construction Group.

The thirty-six storey high-rise has instantly become a landmark in the area with its monumental facade. The gracefully curved exterior is panelled entirely with glass surfaces that glitter in the sunlight, including rows of overlapping sheets that create an illusion of dynamic movement.

Living Spaces

Homes at Sculptura Ardmore range from 2,800-square foot apartments to a grand, 11,000-square foot penthouse. All of them are characterized with open floor plans and posh interior design.

Nineteen of these units are gorgeous suites between 2,800 and 3,000 sq ft, located on the 5th

through the 16th floor. Though these are the “smaller” apartments in this building, they are still very spacious with generous lighting.

Meanwhile, the twelve mid-sized units are lavish apartments spanning from 3,200 to 4,000. These each have three to four bedrooms and a private lap pool. Of these units, four are especially endowed with private lap pools that stretch outward 14 meters from the building’s facade, for a sublime, swimming-in-the-sky experience.

The largest, most opulent of these homes, however, is the 11,000-square foot super penthouse. The palatial residence also comes with multiple bedrooms and private amenities.

Leisure Facilities et al

Besides the private amenities built into the larger apartments, the condominium has an assemblage of perquisites that all residents may enjoy. This includes a gym, a clubhouse, entertainment areas, sky gardens and hot tubs. There are even two sky terraces, one on the sixth floor and one on the seventeenth.

The building also includes two levels of basement parking, to ensure further ease for the residents.

A Brilliant Investment

Sculptura Ardmore is an investment for a prosperous future. More than just a prestigious development, it surrounds you with innumerable pleasures and immense opportunities. It’s an address you’d be more than excited to call your home.
