Your Future Is Crystal-Clear at The Cristallo

If you've always wanted to live in a classy home within a trendy neighborhood, near to a lot of hip recreational and entertainment hotspots, the Cristallo is definitely for you. A luxury freehold condominium at Lorong K Telok Kurau. It is comprised of 74 units and a selection of invigorating amenities. It's delightfully close to the East Coast Park and Changi Beach, and it's also just a few minutes from the Central Business District.

The Cristallo is made up of adjoining mid-rise residential blocks, arranged around a central recreational area. The overall look presents a clean, modern appearance, made up of straight, perpendicular lines and symmetrical facades. Positioned to admit a great amount of light and air, the buildings overlook the swimming pool and the landscaped areas.

Your Own Home Retreat

The homes within are similarly full of light and air, allowing for a sense of ease and relaxation. The floor plans have been thoughtfully conceived to maximize the space and make the layouts as efficient as possible. Together with the fine finish and the designer interiors, you've got a truly upscale dwelling fit for the most astute of residents.

In every living room at The Cristallo, you'll find spaciousness in the open layout, flowing seamlessly into the adjacent dining area, the family spaces, and finally into the bedrooms. Kitchens are tasteful and modern, being fully-equipped; as are the bathrooms. Meanwhile, all bedrooms are guaranteed to have sufficient space for resting, being, and dreaming.

There are several different kinds of homes in the development, including studio units, 1-bedroom apartments, 2-bedroom apartments, 2-bedroom + study, and single-bedroom penthouse. As this is a very desirable address, most of the units have already been sold. But there's good news for lucky home-buyers: the final units are offered at a reduced price.

An Enticing Way to Wind Down

What's a luxury condominium without a slew of creature comforts? The Cristallo surely comes with its own, found mostly on the ground floor and some on the rooftop.

The first one you'd be likely to notice is the swimming pool - an inviting stretch of cool water for practicing your laps or for just taking a dip. Next to it, of course, is the pool deck.

If you're the type of person who likes to keep fit, you'll love that the development has two gyms. If you're the type who prefers to be surrounded by the view while keeping fit, you'll be immensely pleased that one of the gyms is an outdoor one.

If you enjoy passive ways to relax, you can stretch out in the Leisure Sitting Lawn on a sunny morning. You might also want to just sit by the Reflective Pool, and be inspired by the sight and the sound of water.

You can make use of the Pavilion too, maybe for just hanging out. If that isn't your thing, you can take a short walk via the Leisure Path. For the children, there's a nice Play Area.

The Favorable Setting

So many people are interested in moving to the East Coast right now - and why not, as the general area is dotted with destinations for entertainment, relaxation, dining and recreation. Not only that; there are a lot of places to shop at, and a wealth of school options for the kids. The CBD and Changi Airport are a short drive away as well. To top it all off, it grants easy access to the rest of the island via the Pan-Island Expressway or the East Coast Parkway.

If you love the outdoors, this location will be great for you. Just an easy walk from home is the East Coast Park, with its offerings of a beach, play areas and eateries. You can get there easily by going down the Siglap Park Connector, which links the East Coast Park with Telok Kurau Park

Also nearby is the Marine Parade Community Building, which houses Singapore's most exciting community centre: it features a 263-seat theatre, a rooftop basketball court, a sports hall, a glass-walled gym, and a library.

Need to do some shopping, or perhaps grab a bite? You can head to Marine Parade Shopping Centre, 112 Katong, Katong V or Roxy Square.

You've Got It Made at the Cristallo

As the Cristallo has already been completed, you can move in soon. But before that, of course, means choosing the right loan plan so you can make the purchase. You've got to hurry though; only a few units are available (and they wouldn't be for long, considering the desirability of this address!) Be ahead of everyone else by contacting iCompareLoan mortgage broker - they'll guide you through a process of comparing Singapore housing loans so you can find the one that works best for you.
